

No Compromise on Customer Satisfaction

B  **GS Best Oil & Gas Solution LLC**

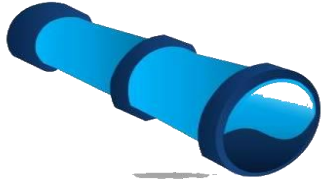

About Company

Best Oil & Gas Solution LLC (BOGS), has emerged as a second generation Company in Oman, Since 2008 to serve in the Oil & Gas sectors and other process facilities, with the main focus on execution of EPC projects and providing multi specialized services including maintenance disciplines.

We have a dedicated team of more than 490+ personnel (Maintaining 30% of Omanization), consisting of professionally qualified and experienced Managers, Engineers, Supervisors and Work Crew, possessing work experience of more than 20 years who can manage the work under their entity. We are equipped with latest and highly sophisticated new Plant & Machineries, Tools & Tackles, Specialized tools, and Instruments.

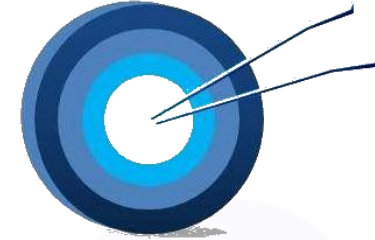

Vision & Mission

Vision

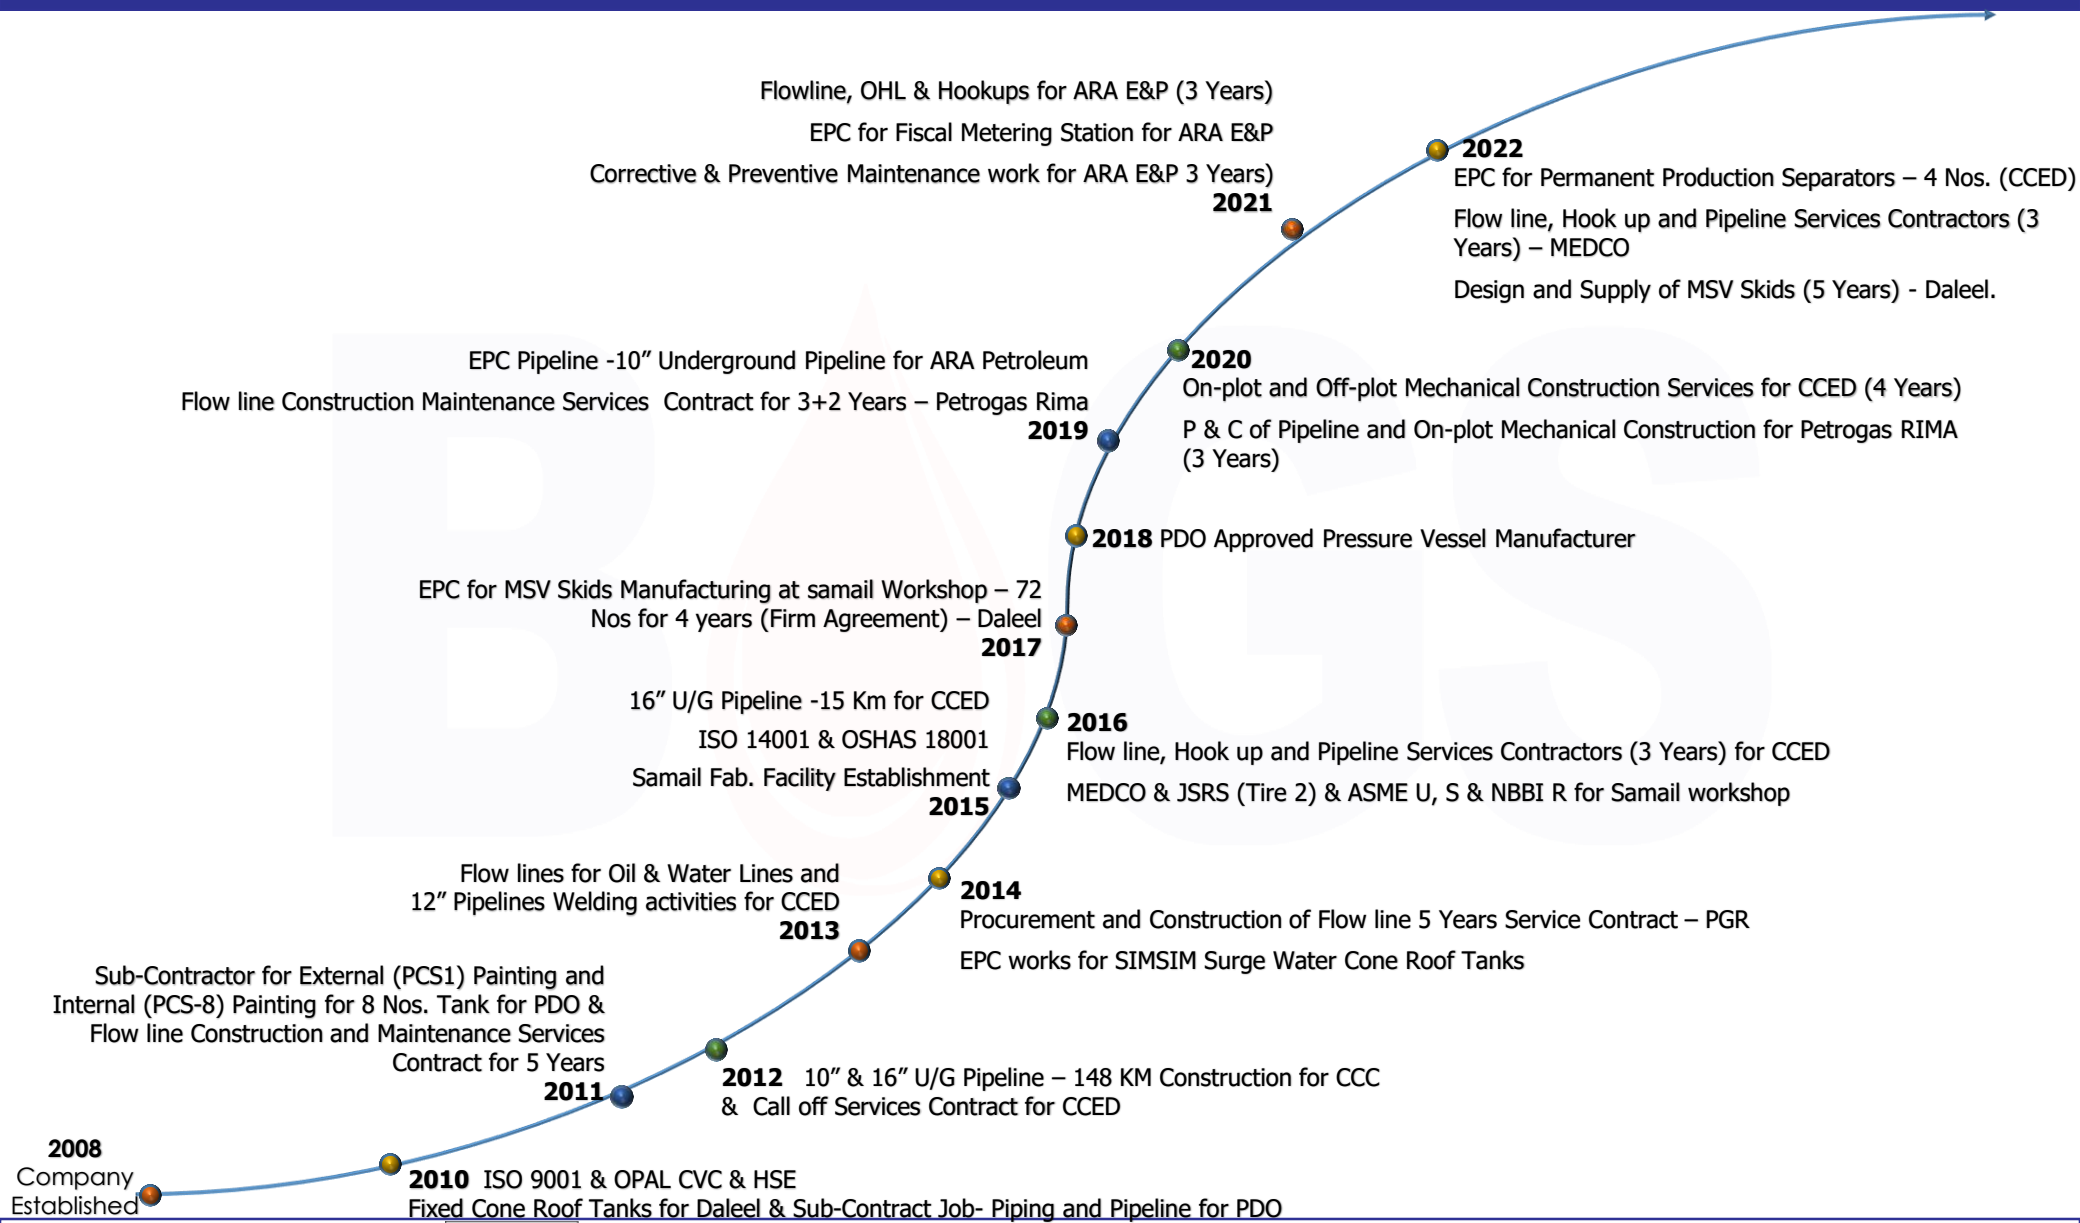

To be a leader in Industrial, Infrastructural fields and Allied Construction, maintenance services by promoting business excellence, both in Sultanate of Oman and throughout Middle East.

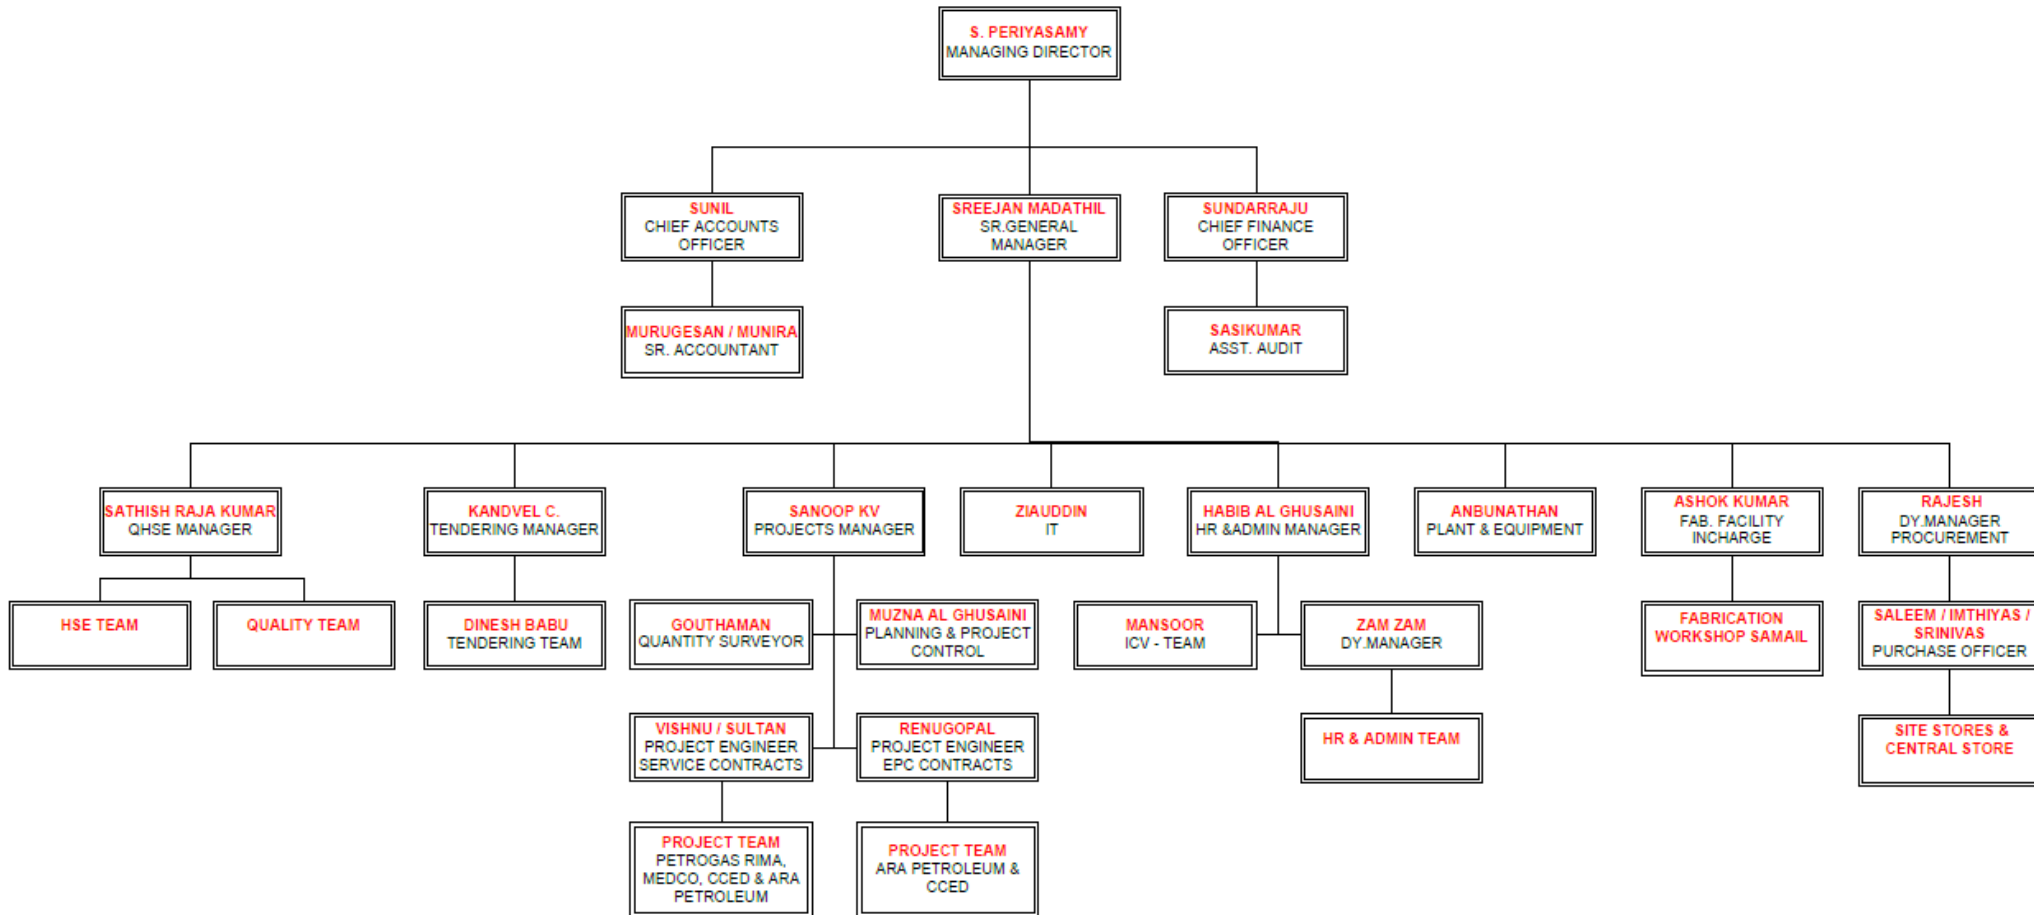

Mission

- α Provide quality service for both clients and community by complying to the relevant International Standards in all our projects / contracts.
- α Utilize all our resources to maximize the benefits and reach the accolade of our clients.
- α Have no compromise on customer satisfaction and zero tolerance on Health, Safety and Environment regulations.
- α Constantly strive to offer complete solution to our customer needs.
- α Value our long-term relation with customers, employees and local community.

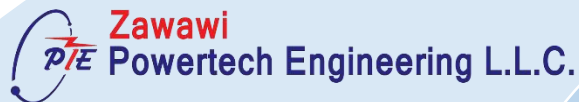

THE TIMELINE OF "Best Oil & Gas Solution LLC"

Organization Chart

Corporate Information

- Engineering, Procurement, Construction and Commissioning of Process and Power Plants.
- Construction of Over Head Transmission Lines / Sub Station up to 400 kV systems
- Protection Relay Systems Commissioning and Maintenance.
- Long Term E&I Service Contracts related to Construction and Maintenance

Common Support Services

- Finance & Information Technology
- Human Resources & Administration
- Plant & Equipment
- Internal Audit
- Tendering

- Long Term CMEI Service Contracts with Oil Field operators for Flow lines, Hookups, Process Stations piping and Equipment erection works.
- Engineering, Procurement and Construction of Class 1 & 2 Pipelines (under ground & above ground),
- Engineering, Procurement and Construction of Fixed Roof Cone Tanks
- Fabrication facility for Piping Spools, Piping Skids, Pressure Vessels and steel structure etc.

Business Portfolio

We have attained significant growth and capabilities in the areas of:

On Plot & Off Plot Construction:

- Flow line and Well Hookup Construction ASME B31.4
- Cross-country Pipeline construction Underground and Aboveground (CS, CS+HDPE & GRE) ASME B31.8
- Fabrication & Installation of plant piping (CS, SS & DSS) ASME B31.3
- Design, Supply and Installation of Internal HDPE lining (Size up to 20" Flowline, Headers and Pipelines)

Package Equipment:

- Design, Fabrication and Modification/ Repair of Pressure Vessels (ASME U,S & NBBI R)
- Supply, Fabrication of MSV Skids, Manifolds, Piping Skids and Gas Conditioning Skids
- Supply, Fabrication of Chemical Injection Skids.

EPC Services:

- EPC – Design, Supply, Erection and installation of Process facilities including all heavy equipment's
- EPC - Design, Supply and Construction of Storage Tanks

Other Activities:

- Revamping of Process facilities and Early Production Facilities
- Heavy Equipment Erections (Lifting and Skidding)
- Industrial Painting and Coating PDO Painting Systems (SP-1246)
- Mechanical Maintenance Services in Oil & Gas fields
- Supply, Fabrications of All stage steel structures and Erections
- Passive Fire Protection (Intumescent)

Qualifications

- Qualification obtained from **ASME** for **U, S & NBBI R** Stamp works at Samail workshop.
- Qualification obtained from **PDO** for **Blasting, Painting & Coating services (PCS)**.
- Qualified Contractor for **EPC** works for Flow line & on plot Hookups for various Oil Operators.
- Qualified Contractor for **Class 1 & Class 2 Pipeline** for Oil and Gas Transportation Networks.
- Qualified Contractor for **EPC Works** for Storage Tanks (Fixed Roofs)
- Qualified Contractor for **HDPE Liner** installation - 3" to 20".
- Qualified Contractor for **On plot Piping and Structural**.
- PDO Qualified Manufacture for **AVME 1.1 Pressure Vessels**.

Achievements in Contracts till Dec 2021

6,350 MTs of Equipment

Completed More than 6,600 Metric Tons of Various Equipment's Erected Throughout Oman

837,600 inch-dia Weld

Completed More than 837,600 Inch-dia welding for Station Piping Projects in Oman

355 KMs of Pipelines

Completed More than 355 kms of Pipeline Throughout Oman

3,460 KMs of Flowline

Completed More than 3,460 Kms flow line welding Projects in Oman

1,810 Nos. of hookups

Completed More than 1,566 Numbers of On-plot Hookups Throughout Oman

105 No's Package Skids

Completed More than 105 Nos. of Skids for ARA, PetrogasRima, CCED & Daleel in Oman

Service Contract with CCED

Ref	Description	Details
1	Name of project	Provision of On-plot and Off-plot Mechanical Construction Services
2	Location of project	Block 3 & 4

Plant & Equipment

Samail Fabrication Facility

Our fabrication facility is in Operation at '**SAMAIL Industrial Area**' near Muscat in an area of 30,000 m². The workshop is equipped with Plate Rolling Machine, Section Bending Machine, Iron worker and other equipment's required for Structural and piping fabrication works.

This facility is accredited with ASME U, S & R Code stamping. We are PDO Approved vendor for Pressure Vessel, MSV skids and chemical skid Manufacture.. This facility would cater the needs of projects in and around Oman, in the areas of structural & piping spooling, supply of pressure vessels, process equipment and skids including industrial painting and associated maintenance services.

Samail Fabrication Facility

Capability per Annum:

Piping welding	- 144,000 Inch dia
Steel Structure Fabrication	- 2,400 Ton
Painting works	- 80,000 M ²
Pressure Vessels	- 400 Ton

Road Safety Policy

سياسة السلامة على الطريق

Our Policy

The BOGS TOP Management is fully committed to protect Employees and interested parties from the risks associated with Road Transport through sustainable efforts in our operations.

Our Objective

- To achieve "Power to Zero" with no incidents on Roads
- To ensure compliance with the law of the Sultanate of Oman and Company standards.
- To sustain and continual improvement in Road Safety performance by effective controls.

Our Vision

- Use fit for purpose vehicles complying with the Company and Client standards.
- Maintain integrity of the vehicle / equipment through regular maintenance as per manufacturers / Company standards.
- Deploy competent Drivers / Operators.
- Provide necessary trainings & awareness and improve Drivers / Operators behaviour on road through motivational programs.
- Monitoring driver / operator road safety performance through appropriate system.
- Ensure 100% seat belt compliance by Driver and Passengers during journey.
- Comply with the applicable requirements on Load Safety and Restraining.
- To eliminate hazards & minimize risk through regular assessment and implementation of effective control measures & Opportunities.
- Liaise with the authorities concerned on issues related to Road & Environment. Obtain necessary approvals as required.
- Plan & schedule realistic driving hours to follow-up & complete journeys safely.
- Implement fatigue management.
- Promote culture of Comply, Intervene & Respect. "Empowerment to STOP" to Driver & Passengers.
- Encourage reporting / Feedback on vehicle defects, road conditions and other aspects
- Initiate prompt actions against non-compliant situations

سياستنا

تلتزم إدارة شركة أفضل لحلول النفط والغاز التزاماً تاماً بحماية موظفيها وأصحاب المصلحة من جميع أنواع الإصابات والمشاكل الصحية، ومنع الأضرار التي يمكن أن تلحق بالامتلاكات، وتقليل التأثير على البيئة والحفاظ على السمعة الجيدة لرجال عملنا.

أهدافنا

- تحقيق الهدف صفر مع خلال عدم وقوع أي حوادث على الطريق.
- ضمان الامتثال للقوانين سائلة عمان ومعايير الشركة.
- الحفاظ والتصين المستمر في أداء السلامة على الطريق من خلال التحكم الفعال لتقليل مخاطر الطرق ذات مستوى عالي.

رؤيتنا

- توفير المركبات المناسبة والمتوافقة مع معايير ومتطلبات العملاء والشركاء
- توفير المركبات المناسبة والمتوافقة مع معايير ومتطلبات الصيانة والسلامة والبيئة مع العملاء والشركاء
- الحفاظ على سلامة المركبات والحد من خلال الصيانة الدورية ولقاء لمعيار الشركة للصيانة / الشركة
- توفير سائقين ومشغلين مؤهلين للمركبات والمعدات
- توفير التدريب والتوعية اللازمة لتصين سلوك السائقين / مستخدمين الطريق من خلال البرامج التوعوية
- مراقبة أداء سائقي المركبات ومشغلي المعدات على الطريق من خلال الأنظمة التقنية لضمان سلامتهم
- التأكد من ربط أحزمة الأمان لسائق والركاب بنسبة 100% خلال الرحلة
- الامتثال لمتطلبات سلامة حمولة المركبات وتثبيتها بأمان
- القضاء على المخاطر وتقليل الخطر من خلال التقييم المنتظم وتنفيذ تدابير الرقابة الفعالة
- التواصل مع الجهات المعنية بشأن القضايا المتعلقة بالطرق والبيئة والحصول على التصاريح اللازمة
- إعداد خطة وجدول زمني لرحلات التفتيش والمتابعة الدائمة لاستكمال الرحلات بأمان
- تنفيذ وتطبيق نظام إدارة الأخطاء
- تعزيز ثقافة الامتثال والتدخل والاختراع "التمكين من صلاحية التوقف" السائق والركاب
- تشجيع الإبلاغ / إياد الرأي على عيوب المركبات وظروف الطرق والحوادث الأخرى
- الردود في اتخاذ إجراءات سريعة في حالة وجود شخص غير ملتزم بالقواعد
